The Malta Business and Professional Association

Membership Directory 2010

The Malta Business and Professional Association (MBPA) is the voice for business leaders in the Malta area. We promote and advance the commercial, industrial, civic climate and general interests of the business and professional enterprises in Malta. Our members include retailers, industrial, cultural, professional, non-profit and service organizations.

Growth

At monthly MBPA events, members have the opportunity to connect with other Malta business leaders, and work together to promote and advance the growth of the Malta area. MBPA representatives attend Malta town meetings at which they offer valuable input. We work within the democratic process to bring about planned growth, responsible government and quality living in Malta and the Village of Round Lake. We also work with each other, providing business support, advice, and networking opportunities.

Innovation

The MBPA encourages innovation on behalf of all our members as well as prospective members. The MBPA helps attract top flight resources to the Malta community, be they human or technical, to help ensure business are prepared to compete locally, regionally, nationally, and globally. The presence of Global Foundries in the Luther Forest Tech Park tremendously increases the profile of Malta and the MBPA is committed to leveraging that profile to benefit its members.

Community

The MBPA is an active part of the Malta community; we work with the Town of Malta and the Village of Round Lake, Chambers of Commerce, service clubs, fire and ambulance corps, and other community service organizations. We have been directly involved with the Pride in Malta Beautification Program, Welcome to Malta signs, Malta Community Days, meet the candidates events, and many other community-focused events.
